

BIKE IN **LANGHE** **MONFERRATO** **ROERO**

LIVING OUTDOOR: THAT TOO IS BUONVIVERE

NATURE IS RHYTHM, BALANCE, HARMONY. IT MAKES YOU WANT TO FEEL IT UNDER YOUR FEET, TO WALK IT METRE AFTER METRE, TO BREATHE IT IN AT THE TOP OF YOUR LUNGS. PERHAPS BY PRACTISING A SPORT.

And if you like to discover a destination by warming up your muscles, then you have come to the right place. Outdoor is guaranteed here.

Every landscape here has its own soul, every area is different. And yet each offers a kaleidoscope of possibilities to get your body and legs moving outdoor.

You are spoilt for choice: you can opt for a beautiful ride on roads that follow the ridges of the hills. Or you can go trekking to experience each place at the slowest possible pace. Follow maps and routes for a wide, free ride through unspoilt nature.

You make the rules. But venture out, toil and revel. You can leave everything behind: you will not be a mere visitor. This is how memorable experiences begin.

LANGHE MONFERRATO ROERO BY BIKE: PURE ENERGY

**A WORD OF ADVICE:
THE LANDSCAPES OF LANGHE
MONFERRATO ROERO ARE EVEN
MORE FASCINATING WHEN YOU
DISCOVER THEM ON A BIKE,
WITH THE WIND IN YOUR FACE.
IT WILL BE AN ADVENTURE
WITH EVERY BREATH YOU TAKE.**

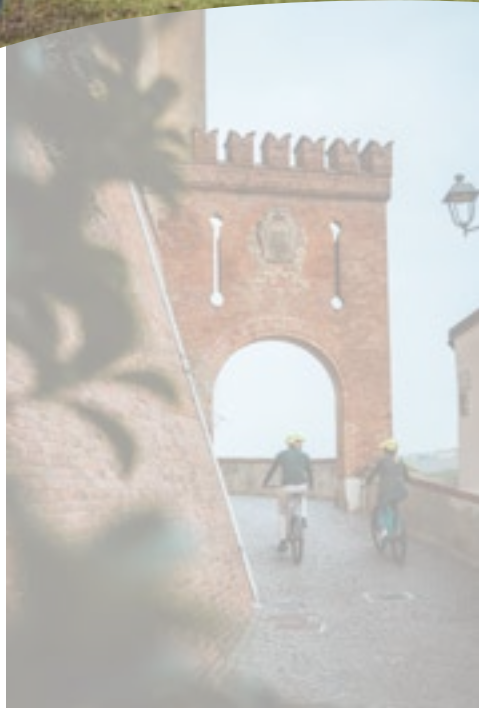

It doesn't matter if you're a cycling amateur chasing the views or an expert looking for an adrenaline rush. The important thing is to ride. Your legs will propel you through a sea of hills, gentle or steep, hazel groves, woods and vineyards, where your gaze is lost in the distance.

And between rides you can always take a break, catch your breath and relax your muscles. A bite to eat in a farmhouse to taste old recipes. A glass of good wine to recharge your batteries. Visit ancient villages, castles, Romanesque churches and parish churches. Stop to gaze at the skyline of the nearby mountains. Sit on one of the huge Big Benches and soak up the beauty of millennia. Better get ready then, because there are plenty of exciting experiences waiting for you on your bike.

LET YOUR LEGS LEAD YOU

Whether it's by mountain bike, road bike, gravel bike or e-bike, cycling in Langhe Monferrato Roero is within everyone's reach. And there will be no lack of satisfaction.

It makes little difference whether you are a casual enthusiast or a professional cyclist. You can choose from a wide range of routes with different levels of difficulty: in stages or on quiet roads, on or off the track, with gentle slopes or challenging climbs. You decide what suits you best. Follow the road and let your legs lead you.

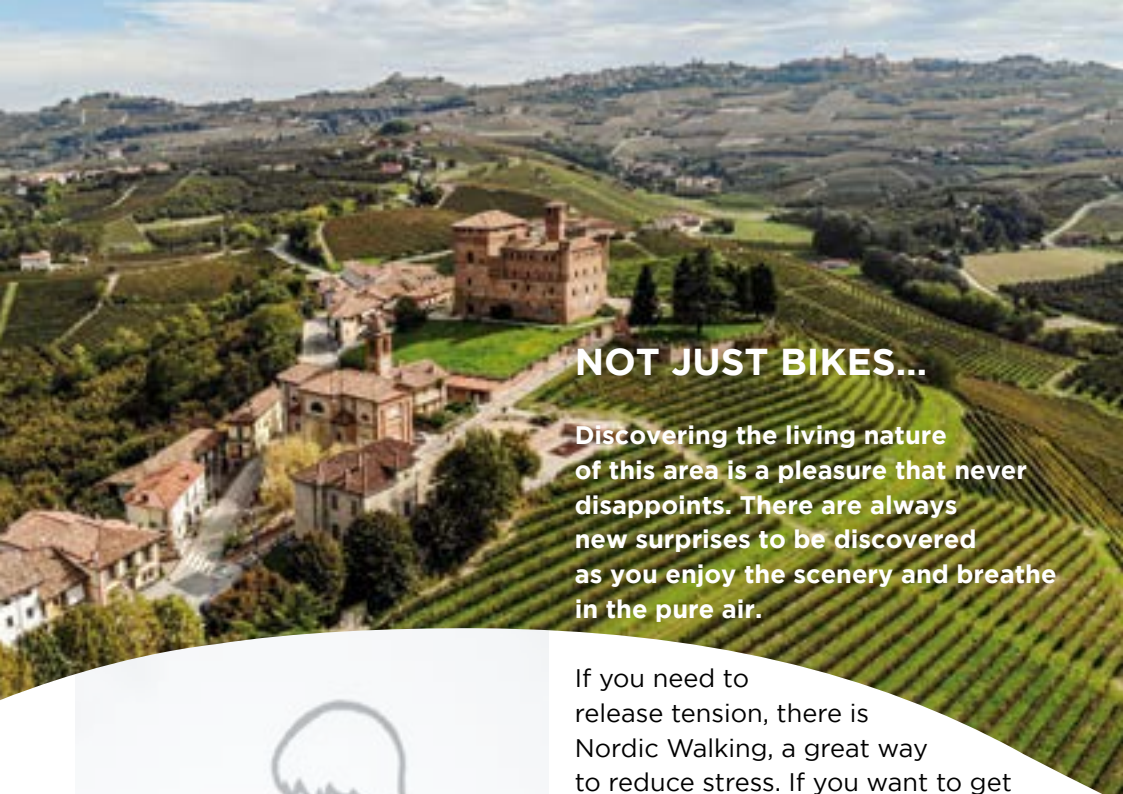

They will take you cycling in the Alta Langa, the wildest area of all, with its steep descents through woods and hazel groves. But you may also find yourself climbing the ridge along the Rocche del Roero with its wild nature. And why not? Cross the hills of the so called Langa del Vino for a tour of endless vineyards or the slopes of Monferrato, surrounded by perched villages. And if you like to keep your eyes open for memories of the past, you can step back in time and admire the Romanesque architecture.

Find the route that suits you best.

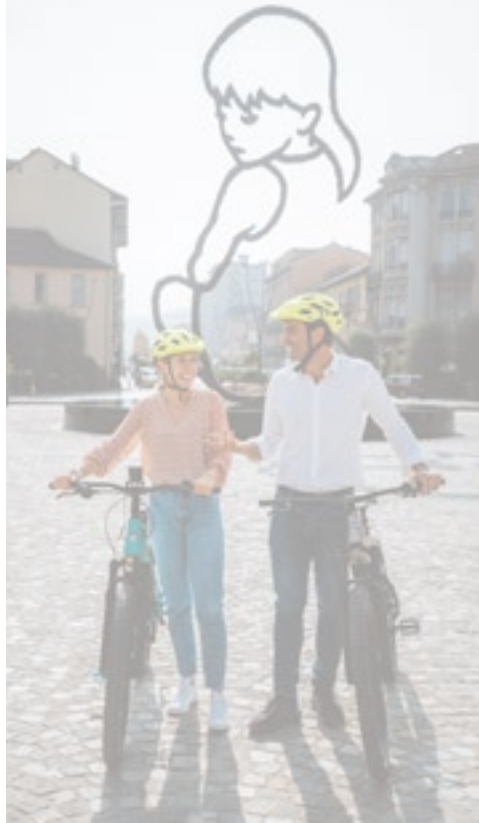

You will then be free to decide whether you want to change the route on the way, add a stage or simply follow your instincts.

But before you set off, please don't forget to download the gpx track, check the signposts and the charging points if you're travelling by e-bike. Don't get caught out on the road.

NOT JUST BIKES...

Discovering the living nature of this area is a pleasure that never disappoints. There are always new surprises to be discovered as you enjoy the scenery and breathe in the pure air.

If you need to release tension, there is Nordic Walking, a great way to reduce stress. If you want to get away from the hustle and bustle of the city, there is soft trekking to take things at a slower pace. If you like stories that mix history and legend, there are many urban trekking routes.

And surely you don't want to miss a hot-air balloon flight? It is the only way to see the vineyards from a different perspective. Or how about a ride in a jolette? Then you can immerse yourself in the unspoilt greenery. There is also golf, horse-riding and motorbike trails for those who love riding on the hills. The outdoor experiences and activities in Langhe Monferrato Roero are so exciting that they will recharge your batteries. Once you've tried them, you won't be able to live without them.
